

Susie Shine, Solicitor, Legal Programme Developer & Trainer, La Touche Training

Susie Shine is a solicitor, and senior legal programme developer and trainer, with La Touche Training. She is also a council member of the Medico-Legal Society of Ireland. Susie was awarded a first class Honours Degree in Mathematics and Information Technology and an Honours Masters Degree in Software Design and Development from NUI, Galway. She then went on to qualify as a solicitor. Prior to joining La Touche Training in September 2008, Susie worked in a general practice firm in Dublin specialising in the area of civil litigation.

Gary O'Callaghan, CEO, Siemens Ltd

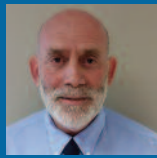

He is also appointed as Managing Director to the Board of Siemens Ltd, and has been managing the Siemens Energy portfolio since 2008. Prior to his role in Energy Sector, Gary was Division Manager for Power Transmission & Distribution and Enterprise

Communications. Gary originally joined Nixdorf Computer in 1981 where he served in both Service and Sales Management positions. In 1992 he transferred from Nixdorf to Siemens to work in ICT Sales Management. Gary is a Director and Board Member of the Irish Wind Energy Association and of FIT Ltd, a not-for-profit organisation which is focussed on building job related training programs for long-term disadvantaged unemployed young people.

Tracey O'Sullivan, H&S Manager, ENERCON Windfarm Services Ireland Ltd

Tracey joined ENERCON Windfarm Services Ireland Ltd. in February 2011 as a Health & Safety Manager. Tracey is primarily responsible for the safe execution of Installation, Operation and Maintenance work on all ENERCON Turbines across Ireland and Northern Ireland. Tracey holds a degree in Environmental Engineering from the National University of Ireland Galway, and a post-graduate degree in Occupational Safety Engineering. Prior to joining ENERCON, Tracey worked in the Pharmaceutical Industry. She is a member of the IWEA Health & Safety Strategy Group.

Stephen Murphy, Supervisor, Driver Education Section, RSA

Stephen has 25 years' experience working in Road Safety. He is currently working with the Road Safety Authority (RSA) where he has been since its creation. His current role is as a supervisor attached to the 'Driver Education Section' with responsibility for the standards and quality of training that is delivered by 'Approved Driving Instructors'.

James O'Reilly, Group CEO, KTL Group

James O'Reilly is the Group CEO of the KTL group with responsibility for managing KTL group companies, subsidiaries and partners. He has over 25 years' experience in the electricity, telecommunications and professional services industries. He previously held senior management positions in Rivada Networks, Accenture and ESB International

Grainne Coogan, Communications Officer, Road Safety Bureau, ESB

Grainne Coogan has worked with ESB for 23 years, the last 9 of which she has spent in the Road Safety Bureau, based in the main Fleet Garage in Tallaght, Dublin. This role includes: Developing & implementing plans for the

effective communication of the road safety programme, Maintaining and updating Intranet site, Communication of policies and procedures in easy to understand format, Development & co-ordination of safe driving policy, programmes and initiatives across the company, Analysis & reporting of relevant road safety data and Interaction with staff, Safety Committees, Partnership Groups and Management.

Ronan O'Mara, Managing Director, EnergyPro

Ronan is a chartered structural engineer, with over 13 years' experience in industry. As a director with EnergyPro, a firm of operational windfarm analysts and asset managers, he is responsible for the safe

operational management of EnergyPro windfarms across Ireland. Ronan previously worked as Engineering Manager at Airgen Renewables, and holds a Bachelor of Engineering from UCD and a Masters in Renewable Energy Systems Technology from Loughborough University. He is the chairperson of the IWEA H&S - Operations, Maintenance & Emergency Response Group.

Patrick Guckian, H&S Field Support, Ireland, Vestas

Pat Guckian has been working with Vestas NEU as a HSE Field Support since 2012, primarily focusing on the construction and service businesses in Ireland and the United Kingdom. Pat has 18 years' experience as a health, safety and environmental professional covering the medical device, pharmaceutical, construction and wind energy sectors.

Jacqueline Gallagher, HSE Manager, Nordex Energy Ireland Ltd

Jacqueline Gallagher joined Nordex Energy Ireland Ltd in July 2012 as the HSE Manager for Ireland. She has been professionally involved in the implementation of Health, Safety & Environmental management systems since 1998 and became a Chartered Member of IOSH in 2004. Her involvement with the wind energy sector began in 2010. Prior to joining Nordex, she has also worked within the Oil & Gas sector, the crane industry, hazardous demolition, heavy civil engineering and commercial construction. Jacqueline has also operated as independent safety consultant and as registered FÁS trainer.

Ivan Conway, UK H&S Manager, Roadbridge

Ivan joined Roadbridge in May 2005. He has gained valuable experience working on an array of multi-disciplined projects such as Residual Landfills, Motorway Construction, Bulk Silo Storage Units, Oil Storage Terminals, Road Tunnels and a Gas Terminal with associated onshore pipeline works. Currently, Ivan and his team have responsibility for various schemes in the UK. These include several wind energy projects in Scotland where Roadbridge are employed as the main Civils Contractor, including being engaged as the Principal Contractor.

16:50	Conference Close	

Peter Harte, IWEA Chairman

Peter is currently the Chief Technology Officer and Director at Element Power Ireland, based in Cork. Element Power Ireland has successfully developed a national portfolio of c350MW under Development, c50MW of projects under Construction, and c50MW in Operation. Element Power Ireland is also developing the Greenlink project, which plans to develop a 700MW interconnector between Wales and Great Island. Peter is Chairman of the Irish Wind Energy Association (IWEA) and previously chaired the Grid and Markets Committees. He holds a B.Eng in Mechanical Engineering at the University of Limerick.

Brendan Heneghan, Interim CEO, IWEA Ltd

Brendan has recently stepped in to IWEA to run the business on an interim basis. He has been involved in wind energy since 2003, when he joined ESBI, having previously worked for CRH. In 2006 he joined Wind Prospect Ireland, and became a Director of Wind Prospect Ireland in 2011. He joined the IWEA Construction Safety Group in 2011, and was elected Chairperson of this Group in 2014. Brendan is a Chartered Engineer and during his thirteen years in the industry has project managed the pre-construction and construction of numerous wind farms throughout Ireland for various industry leading developers, has worked on wind farm projects in Scotland and Wales, and has provided technical support to a number of Wind Prospect Group's international businesses.

James Heenan, Global Corporate EHS Leader, GE Renewable Energy

Jim began his career with Rolls-Royce, moving to Kvaerner Energy where he held the position of HSE Manager at the time of acquisition into GE in 2001. In 2002 when GE successfully acquired the former Enron Wind Company, Jim was appointed EHS Leader for GE Wind Energy. In 2005, Jim was appointed EHS leader for all Projects & Services activities for GE Power & Water covering a portfolio of Wind, Thermal Power Plant, & Gas Engine technologies world-wide. From 2011-2014 Jim was appointed Global EHS Leader for GE's new electrical products and projects company 'GE Energy Management' a business with 30,000 employees. Since 2015 Jim has been leading GE Corporate Services & Projects COE EHS team which has been charged with driving a standardized approach to risk management across the company. Jim is a founder member of the UK renewables H&S Group. Jim holds a BA in Occupational Health & Safety Management, & an HNC in Mechanical Engineering.

Declan Corrigan, Chair of the IWEA H&S Transport Sub Group

Declan is the Technical Manager for McNally's Crane Hire/Windhoist and joined the company in 2000, he is also chair of the Transport Sub-Group in IWEA. Declan's role includes advance site analysis, oversight of documentation for turbine installation, technical support at project tender stage and control of specialist dismantling works. Declan has been involved in the crane industry for almost 28 years with a significant focus on wind turbine installation for the last 16 years.

Michelle Ruane, Senior Environmental, H&S Specialist, Siemens Wind Power

Michelle Ruane is the EHS Manager from Siemens Wind Power based in the UK. Michelle graduated from NUI Galway with an Hons. Degree in Microbiology before going on to complete an MSc. in Occupational Health, Safety and Ergonomics. She has almost 10 years' experience in

environmental, H&S across many sectors including, renewable energy and construction. In her role at Siemens, Michelle is responsible for the management of environmental, health and safety activities on numerous wind farm projects across the UK and Ireland. Since first taking her position with Siemens in 2010, Michelle has been instrumental in her efforts to improve health and safety practices for the wind industry in Ireland and UK.

Michael O'Grady, Chair of the IWEA Health & Safety Strategy Group

Michael is the H&S Manager in ESB Asset Development working with project teams developing ESB's portfolio of generation assets in Ireland, Northern Ireland and the UK. Michael has worked on both sides of the Client / Contractor relationship and sees the safe construction of ESB's generation assets being achieved through a partnership approach by all involved. Michael believes that a constant focus on managing the "Top Risks" to health and safety of workers, the public and others at every stage of the project by Clients, Designers and Contractors will deliver a best practice safety performance by Ireland's wind industry.

Ben Valdimarsson, Director, Reputation Incks

Ben Valdimarsson is a Director at ReputationInc with over 16 year's experience in reputation management and communications. Ben advises a range of Irish and international clients on their reputation and communications strategies, including media relations, risks and issues management and stakeholder engagement. Ben has undertaken work with companies from across the energy sector, which has included large-scale hydropower, nuclear, oil & gas exploration, geothermal energy and wind energy.

Mark Madigan, Safety, Health, Environmental, Quality and Sustainability Manager, ESB Networks

Mark has worked in various H&S roles across numerous sectors over a long and varied career. Mark spent the last 10 years with the H.S.A where he started out his career as a General Operations /Construction Inspector before moving into the Special Investigations Unit in 2009. The Special Investigation Unit's primary role is to conduct forensic investigations into serious incidents and put together an investigation file for transmittal to the offices of the DPP. On occasion, Mark has also given expert evidence in H&S Prosecutions in both the District and Circuit Courts. Mark took up his present role with ESB in May 2015 and is now working as Safety, Health, Environment, Quality and Sustainability Manager for ESB Networks.

Niav O'Higgins, Head of H&S and Construction & Engineering Groups, Arthur Cox

Niav O'Higgins is a partner in the Infrastructure, Construction and Utilities group in Arthur Cox, where she heads the Construction & Engineering team. She also leads the interdisciplinary Health & Safety group, which draws together the expertise of solicitors advising on health and safety in their respective practice areas of employment, litigation, environmental and construction and engineering. Niav advises employers and employees on compliance with their health and safety duties across a range of commercial, manufacturing and industrial sectors and has acted successfully for clients in defending enforcement action brought by the Health and Safety Authority. She is a founding member and current chair of the Health and Safety Lawyers Association of Ireland.
